## HAPPENINGS AT GLENMORE

### Volunteers

Service Learning students under the direction of  
 Sheila Evens have been helping out in many  
 ways. They raise and lower tents, clean up  
 brush, and are doing an inventory of books.  
 Several have also volunteered at various events  
 on site.

Rich Harlan has had painting crews on site  
 several times and is waiting for dry weather to  
 finish the project.

### Grounds and Gardens

A master plan for the grounds is being developed.  
 Gaylord Wirth is creating the plan with the input  
 of D.J. Perry and Charlotte Cary. The Garden  
 and Grounds Committee would welcome your  
 input.

If you have an idea or "plans" to do something on  
 the grounds or in the gardens, please contact  
 Janet McLane at [alandermcclane@att.net](mailto:alandermcclane@att.net).

Lakeway Area Master Gardeners will maintain  
 the Deborah Garden, plants around the large  
 maple tree, and spruce up the front approach  
 from the driveway. Garden Thyme Herb Society  
 will rescue the herb garden.

It has been determined that the large maple tree  
 on the west side of the mansion must be  
 removed. The tree is damaging the house and the  
 roots have already undermined one boxwood and  
 are working toward another. Gaylord Wirth is  
 making arrangements for the removal, if you have  
 input or can help, please contact Gaylord at 475.  
 6367.

### Restoration

An outside restoration project is underway as of November 15.

### Driveway

Wanda Thorson is working the driveway refurbishing. If you have access to materials and equipment please contact her.
